Open garage with a wireless door opener

7:00 pm

Video Chat
See and talk with friends over Wi-Fi

8:00 pm

Relax
Stream shows on a smart TV

9:00 pm

Check Baby
View on a wireless baby monitor

The consumer benefits of unlicensed spectrum today are clear. Tomorrow promises to be even better, but only if the unlicensed platform remains open to everyone using any technology to experiment, research, and innovate.

Keep unlicensed spectrum open. The possibilities are limitless.
